OSA-1955-63

17 APR 1963

MEMORANDUM FOR: Chief, Security Staff, OSA

SUBJECT : Security Clearance

REFERENCE : Memo for C, MMPD, dtd 9 Apr 63. Subj: Assignment of [redacted] to OSA

1. Subject military detail is processing for assignment to ADP/OSA. Because he was a name requisition, we have been obligated to issue PCS assignment orders prior to the receipt of a full security clearance. This matter was brought to your attention in reference.

2. [redacted] is presently in AFIT training and is due to complete his schooling on 15 May 1963. The request to issue orders was initiated 9 April 1963, subsequent to [redacted] successful completion of Headquarter's processing on 5 April 1963.

3. If, for some reason, [redacted] is not cleared, it will result in the following problems:

- A. An unnecessary dislocation of an officer;
- B. Probably USAF secretarial waiver to approve another move; and
- C. USAF will be required to find another job for him.

4. While these are not insurmountable problems, it would be comforting to know that a clearance has been received before we initiate his move. Therefore, it is requested that you pursue a final clearance date not later than 10 May 1963. For your information, the clearance was submitted for a final date of 20 April 1963. A final clearance on that date would have allowed 80 days for security processing.
